

CAD Model Disclaimer

This is an official CAD model prepared by GomSpace for customer use in an early NanoSatellite design phase. The presented CAD models depict a specific configuration and production batch of the specific product and should be used with care. GomSpace accepts no liability for the content of the CAD models publicly available, or for the consequences of specific implementation or use of the CAD models. The user of the CAD model holds responsibility for use of all CAD models from GomSpace website, regardless of the support provided by GomSpace staff on a regular support basis. GomSpace reserves the right to update hardware on any system and not update the CAD model with changes immediately. The company accepts no liability for faulty design work done based on the CAD models downloaded from the website.
