THE NOMINATION COMMITTEE'S PROPOSED RESOLUTIONS

The nomination committee has presented the following proposed resolutions in relation to items 1 and 10-13 in the proposed agenda.

Item 1. Election of chairman

Olof Reinholdsson (lawyer at Setterwalls Advokatbyrå AB) is proposed as chairman of the meeting or, in his absence, the person appointed by the board instead.

Items 10-12. Election of and remuneration to the board of directors and auditors

The board of directors today consists of the following five (5) ordinary members without deputy members: Stefan Gardefjord (chairman), Steen Hansen, Kenn Herskind, Nikolaj Wendelboe and Hasse Resenbro. It is proposed that the board of directors shall continue to consist of five (5) ordinary members without deputy members until the end of the next annual general meeting. Furthermore, it is proposed that a registered accounting firm shall be elected as auditor.

It is proposed that the fees payable to the board of directors for the period until the end of the next annual general meeting shall amount to a total of SEK 1,650,000 out of which SEK 550,000 shall be paid to the chairman and SEK 275,000 to each of the other ordinary members. The proposed fees correspond to an increase of approximately 22 per cent compared to the previous year. The nomination committee considers the proposed increase to be justified in light of the fact that the board fees have remained unchanged since the annual general meeting 2019. Furthermore, the board of directors intends to establish an audit committee consisting of board member Nikolaj Wendelboe (intended chairman of the committee) and one additional ordinary board member. As a result thereof and in addition to the above, it is proposed that a total of SEK 150,000 shall be paid to the board members serving in the audit committee for the period until the end of the next annual general meeting of which SEK 100,000 shall be paid to the chairman of the audit committee and SEK 50,000 to the other member of the audit committee.

It is proposed that the company's auditor shall be paid in accordance with approved invoices.

All current board members are proposed to be re-elected until the end of the next annual general meeting. Furthermore, it is proposed that Stefan Gardefjord is re-elected as chairman of the board of directors.

Information regarding existing board members' principal education and work experience, any work performed for the company and any other significant professional commitments, etc. is kept available on the company's website at www.gomspace.com.

The accounting firm KPMG AB is proposed to be re-elected as auditor. KPMG AB has informed the company that Mattias Lötbörn will continue as auditor in charge.

Item 13. Resolution on principles for the appointment of and instructions for a nomination committee as well as on remuneration to be paid to the chairman of the nomination committee

The nomination committee does not propose any changes to the principles adopted at the annual general meeting held in 2019 (applicable until the general meeting decides otherwise). According to the adopted principles, the members of the nomination committee are entitled to remuneration subject to a decision by the general meeting. The nomination committee proposes that general meeting resolves that the chairman of the nomination committee shall be remunerated with SEK 20,000 for the period until the next

annual general meeting. The principles are kept available on the company's website at www.gomspace.com.

THE BOARD OF DIRECTORS' PROPOSED RESOLUTIONS

The board of directors of the company has presented the following proposed resolutions in relation to items 8 and 14-16 in the proposed agenda.

Item 8. Allocation of the company's result

The board of directors proposes that the company's result shall be carried forward in new account and that no dividend shall be paid for the financial year 2025.

Item 14. Resolution on changes to the articles of association

The board of directors proposes to change the limits in the articles of association with respect to share capital and number of shares in §§ 4 and 5. § 4 is proposed to be changed from "The company's share capital shall be not less than SEK 4,200,000 and not more than SEK 16,800,000" to "The company's share capital shall be not less than SEK 11,200,000 and not more than SEK 44,800,000". § 5 is proposed to be changed from "The number of shares in the company shall be no less than 60,000,000 and no more than 240,000,000" to "The number of shares in the company shall be no less than 160,000,000 and no more than 640,000,000". A decision in accordance with the proposal would entail an adjustment of the minimum limits to better reflect the share capital and number of shares outstanding as of today (*i.e.* SEK 11,806,841.13 and 168,669,159 shares, respectively).

The chairman of the board of directors, the CEO or a person appointed by the board of directors shall be authorised to make any minor adjustments required to register the resolution with the Swedish Companies Registration Office. A valid resolution requires that the proposal is supported by shareholders representing at least two-thirds (2/3) of the votes cast as well as of all shares represented at the meeting.

Item 15. Resolution on an authorisation for the board of directors to increase the share capital

The board of directors proposes that the general meeting resolves on an authorisation for the board of directors to – during the period until the next annual general meeting and at one or more occasions – resolve upon issuance of new shares, warrants and/or convertible debentures with or without deviation from the shareholders' preferential rights. Payment may be made in cash, in kind, through set-off of claims or otherwise be conditional.

Through issuances resolved upon with support from the authorisation – with deviation from the shareholders' preferential rights – the company's share capital and shares may be increased by an amount and number corresponding to not more than 20 percent of the share capital and number of shares/votes in the company (*i.e.* corresponding to a maximum dilutive effect of approximately 16.67 percent) at the first time the authorisation is used with deviation from the shareholders' preferential rights. Deviation from the shareholders' preferential rights shall be allowed in situations where a directed issue is deemed more appropriate for the company due to timing, commercial or similar reasons, and in order to enable acquisitions.

The chairman of the board of directors, the CEO or a person appointed by the board of directors shall be authorised to make any minor adjustments required to register the resolution with the Swedish Companies Registration Office. A valid resolution requires that the proposal is supported by shareholders representing at least two-thirds (2/3) of the votes cast as well as of all shares represented at the meeting.

Item 16. Resolution on implementation of a long-term incentive programme for employees by way of (A) directed issue of warrants and (B) approval of transfer of warrants

The board of directors proposes that the general meeting resolves on implementation of a long-term incentive programme ("**Warrant Programme 2026/2031**") for employees by way of (A) directed issue of no more than 5,100,000 warrants (the warrants shall be divided into series 2026/2031:A and series 2026/2031:B of which the latter series is intended for U.S. participants only with terms and conditions adjusted to U.S. law) to the company and/or any of its subsidiaries (the company or a subsidiary, as applicable, hereinafter referred to as the "**LTIP Company**"), as set forth in item A below, and (B) approval of transfer of the issued warrants from the LTIP Company to employees in the group where the company is parent company as set forth in item B below.

The rationale for the incentive programme

The board of directors considers that one of the key challenges in maintaining and increasing the company's growth is to successfully attract and retain talented employees. The board continuously evaluates various means of achieving this, including through targeted messages, an enjoyable and exciting work environment and hopefully that the company is seen as a winning company. Additionally, the board believes that properly incentivizing the group's employees and new recruits to be key in attracting and retaining the necessary and desired talent to achieve future growth, and deems creating a financial incentive in the form of warrants to be one advantageous way of doing so, as the board of directors is of the opinion that share related incentive programmes are necessary to strengthen the retention of those participating and motivate them to create shareholder value. Upon full allocation and exercise of all warrants within the proposed incentive programme, the dilution for the company's shareholders would amount to approximately 2.93 percent based on the share capital and number of shares and votes as of today, and the board's intention is that the growth that the incentive programme is expected to generate will by far exceed such dilution.

The board of directors assess that the above objectives are in line with all shareholders' interests. This proposal has been presented to offer increased as well as new participation in a share related incentive programme for the group's employees and new recruits.

Main terms of the incentive programme

The incentive programme may encompass employees within the company group (the "**Participants**"). The incentive programme is expected to comprise around 196 Participants in total (of which around 181 Participants are expected to be new-recruits).

The incentive programme entails that each Participant, after having entered into an agreement with the LTIP Company (the "**Warrant Agreement**"), is offered to acquire warrants without consideration being payable by the Participant.

The Warrant Agreement will include a so-called vesting structure including bad and good leaver provisions, certain transfer restrictions and other terms and conditions customary for such agreements (in the light of the tax residency of the Participant and adjustments as a result thereof).

Each warrant shall entitle the warrant holder to subscribe for one (1) new share in the company.

The subscription price per new share shall amount to SEK 18.60, corresponding to 100 percent of the volume weighted average price for the company's share on Nasdaq First North Premier Growth Market during the period from and including 21 April 2026 until and including 27 April 2026.

The warrants may be exercised for subscription of new shares during the period from and including 1 June 2029 until and including 31 December 2031. Subscription of new shares may however not take place during so-called closed periods according to the EU Market Abuse Regulation (unless the company approves

thereto in respect of Participants not covered by the aforementioned rules at the relevant time or with support of applicable exceptions), or otherwise in breach of relevant insider rules and regulations (including the company's internal guidelines in this respect). Warrants that have not been exercised for subscription of new shares by 31 December 2031 shall lapse.

Outstanding share based instruments

Warrants giving right to subscribe for new shares in the company have been issued under an incentive programme for employees within the company group, adopted by the annual general meeting held on 14 May 2025 ("**Warrant Programme 2025/2030**"). The programme comprises up to 4,550,000 warrants in total of which 3,375,000 warrants have been reserved for participants as of today (the warrants are allocated/vested in five equal portions on every 1 June in the years 2026 to 2030 (i.e. 20 percent of the total number of warrants is allocated/vested each year)). Each warrant entitles to subscription of one (1) new share in the company at a subscription price of SEK 9.00 during the period from and including 1 June 2028 until and including 31 December 2030.

Warrants giving right to subscribe for new shares in the company have furthermore been issued under an incentive programme for employees within the company group, adopted by the extraordinary general meeting held on 5 December 2023 ("**Warrant Programme 2023/2029**"). The programme comprises up to 5,250,000 warrants in total of which 4,428,423 warrants have been reserved for participants as of today (the warrants are allocated/vested in five equal portions on every 1 January in the years 2025 to 2029 (i.e. 20 percent of the total number of warrants is allocated/vested each year)). Each warrant entitles to subscription of one (1) new share in the company at a subscription price of SEK 1.45 during the period from and including 1 January 2027 until and including 31 July 2029.

Warrants giving right to subscribe for new shares in the company have furthermore been issued under an incentive programme for the company's CEO and CFO, adopted by the annual general meeting held on 31 May 2023 ("**Warrant Programme 2023/2028**"). The programme comprises 648,000 warrants in total, which are allocated in five equal portions on every 1 June in the years 2024 to 2028 (i.e. 20 percent of the total number of warrants is allocated each year). Each warrant entitles to subscription of one (1) new share in the company at a subscription price of SEK 2.70 during the period from and including 1 June 2026 until and including 31 December 2028.

Other than Warrant Programme 2025/2030, Warrant Programme 2023/2029 and Warrant Programme 2023/2028 in accordance with the above, there are no share related incentive programmes outstanding in the company as of today.

On 25 November 2023, the company's subsidiary GomSpace A/S entered into a credit facility agreement with the European Investment Bank (the "**EIB**") split into three tranches pursuant to which the EIB was entitled to a predetermined number of warrants in the company for each tranche of the facility utilized by GomSpace A/S. As announced by the company through a press release made public on 3 July 2025, Peter Hargreaves has replaced the EIB as lender under the credit facility. As of today, all tranches have been utilized by the company resulting in that a total of 3,301,566 warrants have been transferred to Peter Hargreaves. Each warrant entitles the holder to subscribe for 1.43 new shares in the company (after recalculation pursuant to the terms of the warrants as a result of the rights issue which was carried out by the company during March – April 2023 and warrants issued within the framework of previously adopted incentive programmes) at a subscription price per new share corresponding to the quota value of the share (the quota value is SEK 0.07 per share as of today). Pursuant to the terms of the warrants, the number of new shares each warrant entitles to may be recalculated to a maximum of 1.47 shares per warrant as a result of Warrant Programme 2026/2031.

Costs, dilution, etc.

There are costs associated with the incentive programme in respect of consultancy services and costs for registration and practical management of the programme.

The company's costs for the programme may include social security costs and Medicare Tax in relation to the part directed to Participants resident in the U.S. Potential social security costs and Medicare Tax are calculated on the difference between the acquisition cost for new shares and the value of the company's shares at the time of exercising the warrants. The tax rate for social security costs is currently 6.20 percent and the Medicare Tax is currently 1.45 percent. Social security costs are only payable in respect of a certain yearly income (currently USD 184,500) whilst Medicare Tax does not have a similar limit. The potential costs in respect of U.S. Participants will thus be dependent on the development of the share price as well as the U.S. Participants' other income from the group and will not be payable at all should the warrants not be exercised for subscription of new shares. The total cost for the incentive programme will thus depend on the outcome of the programme.

U.S. Participants are expected to be offered the possibility to acquire a maximum of around 8.24 percent of the total number of warrants under the incentive programme. Potential costs in relation to Participants resident in the U.S. are appraised to a maximum of approximately SEK 0.1 per warrant (in total SEK 44,982 provided that the maximum number of in total 420,000 warrants are exercised by Participants in the U.S.) based on today's tax rates and the assumption that the value of the company's shares at the time of exercise of the warrants is SEK 20.00 per share and the subscription price of SEK 18.60 per new share (the calculation is based on the maximum total tax rate as of today, i.e. 7.65 percent). The potential costs are appraised to a maximum of approximately SEK 0.5 per warrant (in total SEK 205,632 provided that in total 420,000 warrants are exercised by Participants in the U.S.) should the value of the company's shares at the time of exercise of the warrants instead be SEK 25.00 per share and a maximum of approximately SEK 0.9 per warrant (in total SEK 366,282 provided that in total 420,000 warrants are exercised by Participants in the U.S.) should the value of the company's shares at the time of exercise of the warrants instead be SEK 30.00 per share (please note that the aforementioned examples are only intended to illustrate the costs in different scenarios and are not a reflection of any appraised development of the share price). As described above, there are no costs should the warrants not be exercised for subscription of new shares.

Except for the U.S., the jurisdictions in which Participants will be resident and the allocation of warrants among such jurisdictions are currently unclear, as the warrants to a large extent are intended to be offered to new recruits. Depending on the jurisdictions in question, the costs for the company (including taxes and social security costs) may vary. However, it is estimated that the company's total costs for non-U.S. Participants will not exceed SEK 5 million, regardless of the value of the company's shares at the time of exercise of the warrants.

Upon full subscription, transfer and exercise of all 5,100,000 warrants, a total of 5,100,000 new shares would be issued in the company (subject to potential recalculations in accordance with customary terms and conditions applicable for the warrants).

Accounting for the new shares that may be issued under the proposed resolution, the key ratio earnings per share for the latest financial year (2025) had then been changed with approximately SEK 0 (the calculation is based on the dilutive effect in relation to the number of shares as of today, without taking costs associated with the proposed incentive programme into consideration). The market value of the warrants is estimated by the company to SEK 12.92 per warrant, in accordance with the preliminary valuation made based on the exercise price of SEK 18.60 per share and a market value of the underlying share corresponding to SEK 18.17 (closing price for the company's share on Nasdaq First North Premier

Growth Market on 27 April 2026). The Black & Scholes valuation model has been used for valuing the warrants, assuming a risk-free interest of 2.76 percent and a volatility of 21.21 percent.

Costs related to the warrants will be accounted for in accordance with IFRS 2 according to which the warrants shall be expensed as a personnel cost over the vesting period. The total costs for the warrants are estimated to around SEK 67.392 million (of which approximately SEK 1.5 million consists of costs in respect of consultancy services) during the term of the programme (according to IFRS) based on the maximum dilutive effect in relation to the total number of shares in the company. Personnel costs in accordance with IFRS 2 do not affect the company's cash flow.

The company shall in so-called "bad leaver" situations have the choice to repurchase allocated warrants against payment of the difference between the market price of the company's share and the subscription price per new share (please refer to heading "Approval of transfer of warrants to the Participants" for further information). If the company should choose to repurchase all 5,100,000 warrants and assuming a market price of the company's share of SEK 20.00 at the time of the repurchase and based on the subscription price of SEK 18.60 per new share, the costs for the company would amount to SEK 7.14 million. The potential costs would amount to SEK 32.64 million should the market price of the company's share at the time of the repurchase instead be SEK 25.00 and SEK 58.14 million should the market price of the company's share at the time of the repurchase instead be SEK 30.00 (please note that the aforementioned examples are only intended to illustrate the costs in different scenarios and are not a reflection of any appraised development of the share price). As described above, there are no costs should no warrants be repurchased by the company.

The above calculations regarding dilution, impact on key ratios and costs are subject to potential subsequent recalculations in accordance with the customary recalculation terms applicable to the warrants.

Preparation of the proposal

This proposal has been prepared by the board of directors together with external consultants. The final proposal has been presented by the board of directors.

Majority requirements

The proposed incentive programme is subject to the provisions in Chapter 16 of the Swedish Companies Act (Sw. Aktiebolagslagen (2005:551)), and a valid resolution therefore requires that the proposal is supported by shareholders representing at least nine-tenths (9/10) of the votes cast as well as of all shares represented at the general meeting.

A. Directed issue of warrants

1. The company shall issue no more than 5,100,000 warrants of series 2026/2031 (of which no more than 4,680,000 warrants of series 2026/2031:A and no more than 420,000 warrants of series 2026/2031:B).
2. Each warrant entitles to subscription of one (1) new share in the company, each with a quotient value of SEK 0.07. If all warrants were to be subscribed, transferred to and exercised by the Participants for subscription of new shares, the company's share capital would increase by SEK 357,000 (subject to potential recalculations in accordance with customary terms and conditions to be applicable in relation to the warrants).

3. The warrants may, with deviation from the shareholders' preferential rights, only be subscribed for by the company and/or any of its subsidiaries after which they are to be transferred to the Participants in accordance with the resolution adopted by the general meeting and instructions from the company's board of directors. The reason for the deviation from the shareholders' preferential rights is that the warrants are to be used within the proposed incentive programme.
4. Subscription of warrants shall be made on a subscription list on 31 May 2026 at the latest. The board of directors shall be entitled to prolong the subscription period.
5. The company or any subsidiary is not to pay any subscription price for the warrants.
6. The warrants may be exercised for subscription of new shares during the period from and including 1 June 2029 until and including 31 December 2031.
7. The subscription price per new share shall amount to SEK 18.60.
8. The warrants of series 2026/2031:A shall also be subject to the terms and conditions set forth in Schedule A of the board's complete proposal and the warrants of series 2026/2031:B shall also be subject to the terms and conditions set forth in Schedule B of the board's complete proposal.
9. The chairman of the board of directors, the CEO or a person appointed by the board of directors shall be authorised to make any minor adjustments required to register the resolution with the Swedish Companies Registration Office.

B. Approval of transfer of warrants to the Participants

A resolution to issue warrants in accordance with this proposal also includes an approval of the transfer of warrants to the Participants.

Transfer of warrants to the Participants shall be made without consideration being payable by the Participants.

The board of directors of the company shall resolve upon allocation to Participants in accordance with the guidelines set forth below. No Participant may be offered a higher number of warrants than the maximum allocation set forth below.

Maximum number of warrants per Participant

- Vice presidents and Business unit leads (6 persons, including 5 new recruits/promotions): 90,000
- Business unit management team (10 persons, including 8 new recruits/promotions): 60,000
- Team lead, senior technical specialists and project management (12 persons, including 10 new recruits/promotions): 45,000
- Senior employees and new recruitments (level 2) (60 persons, including 50 new recruits/promotions): 30,000
- Other employees and new recruitments (level 1) (108 persons, all new recruits/promotions): 15,000

Maximum number of warrants within each category

- Vice presidents and Business unit leads (6 persons, including 5 new recruits/promotions): 540,000
- Business unit management team (10 persons, including 8 new recruits/promotions): 600,000
- Team lead, senior technical specialists and project management (12 persons, including 10 new recruits/promotions): 540,000

- Senior employees and new recruitments (level 2) (60 persons, including 50 new recruits/promotions): 1,800,000
- Other employees and new recruitments (level 1) (108 persons, all new recruits/promotions): 1,620,000

The Participants can choose to acquire a lower but not a higher number of warrants than offered to the Participants.

For any transfer of warrants, it is implied that such transfer is legally possible and that transfer, in the board of directors' opinion, can be carried out with reasonable administrative and financial efforts. The board of directors shall have the right to adjust the terms of the Warrant Programme 2026/2031 to the extent required in order for transfers of warrants, to the extent practically possible, to be made under the same conditions imposed by the Warrant Programme 2026/2031.

Separate warrant agreements will be entered into between each Participant and the company which will include a vesting structure according to which the total number of warrants are allocated to or vested by the Participants (whether the vesting structure is based on allocation or vesting of warrants depends on the tax residency of the Participant) in five equal portions on every 1 June in the years 2027 to 2031 (i.e. 20 percent of the total number of warrants will be allocated/vested each year) and conditional upon continued employment (including applicable notice period). No performance criteria will apply. In the event of so-called "good leaver" situations, the Participants shall be allocated/vest the share of the warrants within the current year's tranche corresponding to the part of the year the Participant has been employed (e.g. if half a year has lapsed when the "good leaver" situation arises, the Participant shall be allocated/vest half of the warrants within the current year's tranche). In the event of so-called "bad leaver" situations, all warrants shall as a main rule revert to the company. The company shall however, at its own discretion and if deemed justified in the light of the company's financial position, be entitled to offer the Participants consideration for each warrant up to the difference between the market price of the company's share and the subscription price per new share. The vesting structure described above means that only some of the warrants will be exercisable for subscription of new shares at the time when the exercise period starts on 1 June 2029 and that all warrants, in the event of full allocation/vesting, will be exercisable for subscription of new shares as from and including 1 June 2031. In the event that the first possible date to exercise the warrants is advanced pursuant to the terms and conditions for the warrants (e.g. upon merger, demerger, liquidation, etc.), the Participants will be allocated/vest all remaining warrants which have not yet been allocated/vested pursuant to the vesting structure.

NUMBER OF SHARES AND VOTES IN THE COMPANY

The total number of shares and votes in the company at the time of issuance of this notice is 168,669,159. The company does not hold any of its own shares.

SHAREHOLDERS' RIGHT TO REQUEST INFORMATION
